INTRODUCTION OF AAINBALL

Dear Pratap,

1. Please refer to your letter regarding introduction of AAINBALL.

2. There are a large number of popular Olympic, Asian and traditional Indian sport disciplines being played in India. However, all these disciplines are not being played in Services due to organization commitments. Further, it is submitted that sports recruitment is dealt by respective Service sport board.

3. Your efforts in introducing the game in schools, communities at grassroot level and to bring one more discipline in the large sporting arena are praiseworthy. The game may be further popularized by liaising with Sports authority of India or similar organization dealing with the subject at State level.

Wishing you and your team the best.

Warm regards, Yours aye,

(Varun Singh)
